DEER SEASON...
COMING UP!

NOTICE

Our system at Trails End is set up to receive whole, gutted deer or boned-out meat. Deer missing the head or cape will be charged the extra handling fee. We reserve the right to reject any mishandled, dirty, or not properly gutted deer. We process your deer separately, this is why we have min. amounts on our items.

Skin and bone out your own deer to skip the standard processing fee. Ask about our **10% discount** on boneless meat processing every January.

TAGGING YOUR DEER

Please fill out our tag completely with your name, address, phone number, and your required 6-digit confirmation number. Attach the tag securely to the front leg. This is required for our ODNR processing log.
All shoulder-mount bucks are caped out as soon as possible. If you want it caped please note this on the tag. Thank you for clean deer and prompt pick-up!
